# OMNIBUS DEED OF ASSIGNMENT OF TRADEMARKS

WHEREAS, Saramar, LLC, a Delaware limited liability company located at 10 South Riverside Plaza, Chicago IL 60606 ("Assignor"), has used and is the owner of the trademarks set out in <u>Schedule A</u> hereto (the "Trademarks");

WHEREAS, Segafredo Zanetti USA, Inc., a Delaware corporation located at 1920 Rankin Road, Suite 140, Houston, TX 77073 ("Assignee") is desirous of acquiring the Trademarks:

NOW, THEREFORE, for good and valuable consideration as more fully set forth in that certain written Asset Purchase Agreement by and among Assignor, Sara Lee International B.V. and Sara Lee Corporation dated October 23, 2005, the receipt and sufficiency of which is hereby acknowledged, Assignor does hereby assign unto Assignee all right, title and interest in and to the Trademarks, together with the goodwill of the business symbolized by the Trademarks and the associated registrations and applications therefor and all causes of action, rights of recovery and claims for damages and other relief referring, or pertaining to the Trademarks including claims for past and future infringement.

Assignor and Assignee note that, pursuant to this Omnibus Deed of Assignment of Trademarks, the parties have already or shortly will be executing deeds of assignment and accompanying Powers of Attorney and related documentation that is specific to each country in Schedule A in which trademarks are being transferred from Assignor to Assignee ("the Country-Specific Deeds of Assignment.") in order to facilitate the recordal of the transfer of ownership of the Trademarks in the various countries in which trademarks are being transferred. The parties recognize that the present Omnibus Deed of Assignment of Trademarks, and not the Country-Specific Deeds of Assignment, is the instrument of transfer. The parties further recognize that in order to efficiently coordinate the transfer of the Trademarks from Assignor and Assignee, the parties may need to execute the Country-Specific Deeds of Assignment on a date other than the effective date of transfer of the Trademarks. Regardless of when the Country-Specific Deeds of Assignment are executed or any language therein regarding the effective date of transfer, the parties agree that the effective date and time of transfer of the Trademarks is December 5, 2005.

Assignor shall promptly render all assistance reasonably necessary in Assignee's recordation of itself as the owner of the Trademarks. Assignor shall, upon reasonable notice, provide to Assignee or its legal representative further documents and information which may be required from time to time in connection with the renewal, prosecution or enforcement of the Trademarks. Assignor shall also, upon reasonable notice from Assignee, provide Assignee with any further documentation, signatures or other assistance that may be reasonably required by any trademarks offices internationally to perfect the recordal of the Country-Specific Deeds of Assignment so that the trademarks will be reflected as being owned by Assignee.

Assignor acknowledges that as of the date of this Omnibus Deed of Assignment of Trademarks, Assignor has not provided Assignee with evidence that Assignor has completed the

FULL O'NUTS in China (Reg. No. 1119821), HILLS BROS in Thailand (Reg. KOR133299) and HILLS BROS in Mexico (Reg. 414643). Assignor agrees that it shall make commercially reasonable efforts, to the extent these registrations are currently active, at its sole cost and expense to obtain and provide evidence of the assignment of such Trademarks to Assignor in the countries indicated, so that Assignor or Assignee can complete the chain of title for each Trademark. With regard to the common law trademark rights included on the Schedule attached hereto, to the best of Assignor's knowledge, Assignor is the proper entity to assign such rights.

Assignor shall transfer to Assignee or its legal representatives all original files and documents relating to the Trademarks, including but not limited to, all application and registration files for the Trademarks, certificates of registration, and search reports and opinions concerning availability and registrability for the Trademarks.
